

Dear friends,

Our son, Niko, will be graduating from Taylor University in Upland, Indiana on May 19. His major has been Film and Media Production. Thank you for praying for him during these past 4 years as he has adjusted to life in the USA and college after growing up on the mission field in Papua New Guinea.

Niko has been offered a video editing position at OneWay Ministries (headquarters in Naperville, IL) for one year starting in June. He has had summer internships at OneWay in 2015 and 2016, so he is familiar with its ministries and staff. This is a ministry opportunity for him, and so he will be trusting God to provide for part of his financial needs, which will primarily be through friends who are interested in supporting his ministry. If you are interested in learning more about this ministry, or how you can support Niko through prayers or giving, please read Niko's blurb below.

Thank you and God bless,
Darrell & Kerttu

Dear friends,

Starting in June, I will be joining OneWay Ministries' Prayercast team to work on the Love Muslims Project. This project will be a large scale media-based prayer resource that will mobilize prayer for the Muslim world during the next few years. I believe that God is really moving in this part of the world!

If you want to be a part of this and would like to support me through prayer or giving please fill out your contact information at www.postable.com/nikohaysatowm. I will be sending out an official support letter soon!

Peace and blessings!
Niko Hays
