

157 NEWS

Wright-Patterson AFB

The Troop will be making our second visit to the Wright-Patterson AFB Museum located in Dayton Ohio. The National Museum of the United States Air Force collects, researches, conserves, interprets and presents the Air Force's history, heritage and traditions, as well as today's mission to fly, fight and win ... in Air, Space and Cyberspace to a global audience through engaging exhibits, educational outreach, special programs, and the stewardship of the national historic collection. These statutory duties delegated by the Secretary of the Air Force are accomplished on behalf of the American people. *We are the keepers of their stories.*

Shown are the SR-71 Blackbirds, the fastest planes ever built and flown.

Wright-Patterson has been one of the 157's favorite trips which is why we are going again. You will see everything from the first forms of flight to planes from WWII, Korea, Viet-Nam, the Cold War, the Gulf War as well as planes from the Iran and Afghanistan Wars. You will also see supply and refueling planes, as well as vehicles from the space program. Unfortunately, the Presidential Planes will not be available this trip.

This is a visit to a military installation so Class "A" uniforms with neckerchiefs will be worn.

We will be TENT camping at John Bryan State Park.

Itinerary

Friday 04-08-16

1630	Meet at Church
1700	Leave Church (ON TIME)
2200	Arrive JB State Park

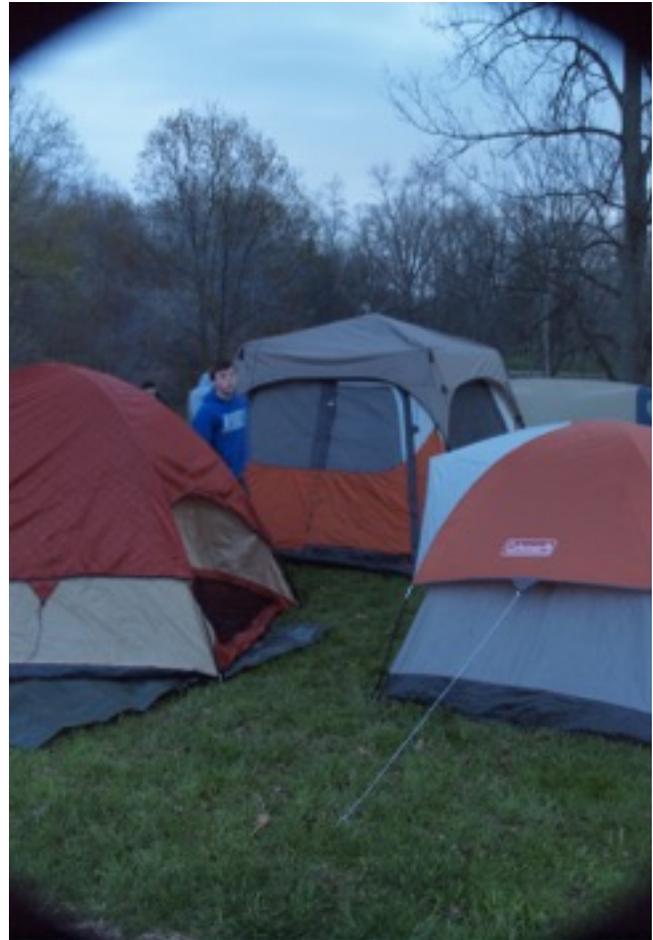

Saturday 04-09-16
