

Stepping On

A fall could change everything

One in four people age 65 or older has a fall each year. You don't have to be one of them.

Take a Stepping On workshop!

Stepping On can help you avoid a dangerous and costly fall so you can keep doing the things you love to do. In just seven weeks, you will learn:

- To identify and remove or avoid fall hazards both inside and outside your home
- How vision, hearing, medication, and footwear affect your risk of falling
- Strength and balance exercises you can adapt to your individual level
- To get back on your feet the right way if you do fall
