The Covid-19 Pandemic has impacted us all in many ways. We are grateful that the number of people infected, and the number of deaths has fallen short of the predictions. We must, however, remain vigilant to follow the recommendations of our public health officials.

These have been challenging times for us all, but I want to applaud our STCBA pastors and church staff members. They have responded with love, care, compassion, and concern for our churches and our communities. They have gone above and beyond the call of duty to keep our hearts and minds focused on God, and to continue ministry in spite of the obstacles.

Through phone calls, letters, emails, and text messages they have communicated well to keep us all informed of changes. They have been creative in using social media and online services, drive-in services, and small groups that met while following social-distancing guidelines. STCBA is blessed with Godly men who are faithful leaders for our churches.

The Association will continue to offer individual counsel, and group discussions both online and in-person. We will share as many resources as we can to help pastors and churches decide how, and when to reopen. Each church is different, so please don't compare. Your pastors are doing their best to shepherd the flock God has placed in their care. I encourage you to pray for them and follow their leadership.

I have heard many reports of faithful giving and even record offerings for some of our churches. However, if your church is dealing with a financial shortfall due to this crisis, please contact me. We have resources available to help. We know that in the days to come we may face more issues due to economic losses. We exist as an Association because we know we are stronger together. We are in a place of stability because of your generous and faithful support. Thank you for your commitment to Associational Missions. Please, call us if we can assist you in any way. It is an honor to serve the churches of STCBA.

In Christ,

*Bro. Danny*
