Last meeting minutes are on the OPUMC Church web site.

An abbreviated agenda was emailed to council members prior to meeting.

**Financial:** Cat Shaver gave us an update on the finances of the church. The donations are down but the bills are paid, including apportionments. The electricity is on in the building but nothing else.

**Parsonage:** We are continuing to pursue the sale of the parsonage. Denise commented that it would be helpful if the District could provide us with a list of items needed to be completed prior to the sale. Larry Shaver will contact the staff on the District Committee on Building and Location to try to get this information.

The council is working to get complete information prior to our presenting it to the congregation. To get more information on the sale costs, it was decided to contact a realtor. Cat Shaver will be calling Doug Knutson, the agent we received information from in the past. She will email the council members with options of dates and times we can all meet with him at the parsonage.

Servpro came and cleaned up the basement. Larry Shaver will be contacting them about areas that may need to be re-cleaned or more items that need to or should have been removed.

The meeting closed with prayer at 10:05
