**Say Y.E.S. And Invest In Our Youth!**

---

Y.E.S. is a one-day program that is designed to build students from the inside out. From growing in wisdom to developing a healthy character, Y.E.S. will present students with real life issues and offer both practical and faith-based responses to address them.

Your students will hear teaching they can relate to. They'll have opportunities to reflect and **engage**—as a group and independently— and will have an opportunity to research the Word of God for answers and instructions.

The day is filled with activities and workshops that will **enrich** the lives of each student in attendance. This experience will help students to interact with other students from different backgrounds and learn how to have a healthy social life without compromising their spiritual foundation.

Y.E.S. is facilitated by members of Braden UMC and the Toledo community that have backgrounds in education, healthcare, law, ministry, art, music, literature and real life experience. They are dedicated to serving so that the youth may become **empowered** to serve God and others.

Each segment has been given a theme with a set of activities that will engage, enrich and empower each student. A conference booklet will include an outline and a place for notes for each workshop/activity.

The following themes have been selected for Y.E.S. 2016:

<b>Session 1</b>	<b>Temple Building:</b> <i>A focus on mental, physical and spiritual health</i>
<b>Session 2</b>	<b>Soul Life:</b> <i>Discovering your gifts and purpose &amp; charting your course</i>
<b>Session 3</b>	<b>CreateSpace:</b> <i>Expression through literary, audio and visual arts</i>
<b>Session 4</b>	<b>Etiquette:</b> <i>A focus on conduct and consequences in specific settings</i>
<b>Session 5</b>	<b>Finding Success:</b> <i>Tools for academic success and in the future.</i>
