The Scope and Sequence of the materials and curriculum being used in the Pathways Jr. High Youth Group (6th-8th grade) has been chosen to give students the chance to study many different topics over the course of three years. There are some topics that are repeated year to year due to the extreme importance of the topic. There are times that additional lessons might be added in due to student opinion and recommendation as well as the input received from parents.

There are two different pre-written curricula that are being drawn upon to form lessons in addition to materials being written by the Director of Christian Education. The pre-written curricula that are being used are adjusted in case of theological variances or if activities or discussions are not possible for our group due to size, nature, maturity of students, etc.

Additional Lessons for Use:

- ⇒ “Sexuality: What was God thinking?” - 2 weeks (LIVE—Year 1 & Church Written)
- ⇒ Dealing with Hurt and Struggle—3 weeks (Church Written)
- ⇒ Books of the Bible—Varies (Church Written)
- ⇒ Other?
