““There's no sin problem. Jesus settled that. There's just a sinner problem. Get the sinner to Jesus, and that cures the problem.”
– Kenneth E. Hagin,

Our sincere prayers and sympathy go out to family to Sherry Wilson, daughter of Wanda Brummett. May God grant this family His eternal peace and hold them in His almighty arms.

“It is our faith that compels us to venerate life from its moment of conception. It is by faith that we treat life not as an entitlement or possession but as a steward for the Creator who gives life. Only by faith do we accept that life at its earliest possible moment has culpability for sin before the Divine Judge and benefits from the sacrifice of our Savior.” *Rev. Robert Fleischmann, national director of Christian Life Resources – A Life Quote from Lutherans For Life • www.lutheransforlife.org*

SERMON OUTLINE

1. Felicitous Inconsistency:

Something that makes perfectly good sense in the context in which it happened but also has a much deeper, more correct meaning in God's spiritual plan of salvation; for example: Caiaphas said, “Nor do you understand that it is better for you that one man should die for the people, not that the whole nation should perish.” John 11:50

2. Paradigm Inconsistency:

A worldview underlying the theories and methodology of a particular subject that are in conflict with the true scope and purpose of God's spiritual plan of salvation; The rich young man said, “...what must I do to inherit eternal life?” Mark 10:17

3. Ownership Inconsistency:

What does the rich young man own? What do we own? What is the rich young man willing to part with to obtain his goal of eternal life? What are we willing to part with to obtain eternal life?
