

minutes from evan. comm. mtng. on thurs, 4/19/2012:

members present: john madson, sharon bruggman, susan polson, harold withers, sandy aamold, dotie sorbel, pastor aj

advertising was discussed. ads will be purchased in the echo press for upcoming events including next quarterly event, vbs, mother's day sunday, new member sunday. sharon will pursue posting living word's current worship service information and upcoming events on the local hometown happenings via ksax tv.

website committee will be contacted to establish a link to facebook page regarding evangelism activities.

there is a concern that someone with computer/facebook knowledge monitor the link which would be a daily chore with the current facebook popularity. suggestions were made that the facebook page would be "data out" only compatible and would not accept any "blog," "comment" or "like" status.

yard signs (similar to the current signs one sees for the local catalyst church) were discussed. a proposal was made that church members donate the cost of each sign and post them in their yard or place of their choice. signs could also be posted in conspicuous places in surrounding towns. sharon will check where the best deal is. the next quarterly event was discussed. keeping it simple is priority. possibilities include a family weekend camping experience at smokey timbers camp on the north side of lake miltona or a church picnic at the church land site on mckay ave toward the end of june.

pastor aj concluded the meeting with prayer.

in god's name, submitted by
