NOTE for **Sub-Deacons:** Please see the new Thurifer procedures..

1. The Thurifer will continue to change the out the coals after the Gospel and put those coals into the small bucket located in the closet. Thurifer is to extinguish hot coals using as little waster as necessary.
2. After the end of the Mass, the Thurifer will again extinguish the coals in the Thurifer's closet; however, when finished, the coals will be taken outside (using the north aisle emergency exit door) and placed into the large container inside the brick walled area. Small bucket used in the closet is to be returned to the closet when finished.
3. The scheduled Sub-Deacon of the Mass will confirm that there are no used coals still in the closet and then ensure the closet is locked.
4. If there is incense used at the 11:15 a.m. Mass, the same procedures will apply.
