Week 1

Subject: RALLY DAY!

Dear Church Family – I hope you have had a great summer of vacationing and having time to gather with your family and friends. This coming Sunday is “RALLY DAY” at our church. We hope you are excited about Sunday School this week. Our church’s Sunday School ministry is vital to your spiritual growth as a person, and to our spiritual growth as a church body.

Over the next 5 weeks, we are going to enter a time of personal growth for many of you. We are beginning a 5 week plan to grow our Sunday School and grow ourselves personally. You will be challenged. You will be asked to pray like you’ve never prayed before. You will be asked to take steps of faith which may be new to you. I want to challenge you to step up in faith for this is how God grows His people – through faith.

Many people have ineffective prayer lives. Often, this is because we are not praying about Kingdom issues. In both our Sunday School classes and in our worship this Sunday, we are going to not only study, but put together a plan that you and your class can do in prayer that will have eternal significance and can eternally change the lives of those you love who are apart from God.

Verse: Acts 1:8
