### Disaster Relief Revitalization

At the April ECBA Board Meeting, it was unanimously approved to revitalize our **ECBA Disaster Relief Team** by designating it as a priority focus this year.

Additionally, the Moore tornado brought Disaster Relief Ministry to the forefront of our thoughts. Many of our churches have sent an offering to Moore victims through Disaster Relief.

I've prepared an informative and challenging presentation outlining the **ECBA Disaster Relief** ministry and vision.

The presentation takes approximately 15 minutes and includes power-point slides for those churches that use video. (The slides are not necessary to share the vision.)

I would love an opportunity present the **ECBA Disaster Relief Ministry** in your church during a Sunday or Wednesday evening service.

For churches that do not have evening services involving adults, I would gladly make a brief mission presentation during a Sunday morning service or perhaps to combined adult classes during the Sunday School hour.

To schedule a **MISSION PRESENTATION**, please email [ecba@att.net](mailto:ecba@att.net) or call or text **918.457.7999**
