### **My Hope and Vision for the East District:**

As I reflect on 2020 it was a very trying year for us all in many areas. And life as we knew it would forever change. But one thing that remained the same was God and his love and faithfulness toward us. And as we approach a new year with new vision and insight my prayer is that we continue to be the Sisters we are to each other BUT with a better insight on our differences. I challenge each of us to do a new thing as it pertains to showing God's love and being more intentional about extending ourselves and opening our hearts to learn and understand each other better. I ask that we try new things in keeping in touch with each other and making new sisters. As I end I pray for the peace and love of our loving Father to each of you.

Grace and Peace be unto you,

Jackie Carter

East District President
