

Trinity Presbyterian Church

Building Use Policy

Trinity welcomes the use of the church premises by residents and organizations within the community.

Various rooms in the church are available for meetings, birthday parties, reunion gatherings, book clubs, homeowner's board meetings and similar events. All usage of the facilities is subject to approval by the church governing body. All church events will have priority in room usage.

No commercial use, such as parties selling products, is allowed. No use of the premises that is in conflict with the mission and goals of Trinity will be approved.

The *Building Use Request* form must be printed, completed in full and submitted to the church office for consideration. All requests must be received at least forty five (45) days prior to the event date. The Fee Schedule is on the Building Use Request form. Consideration on fees *may* be given for recurring events (e.g. monthly meetings) or for charitable events (e.g. fund raisers).

If you wish to tour the premises, please call the church office and ask to leave a message with an Administration Committee representative for an appointment for a tour. We will contact you as soon as possible.
