## **LIVING WITH JESUS**

**God develops our faith through each  
day's living. Choose to believe all the  
Bible teaches us of Him.**

God promised the Israelites great prosperity in the Promised Land. But that did not mean there was nothing for them to do. They still had to loosen the soil in the spring, plant seeds, pull weeds, and gather the harvest. God would prosper their flocks. But they would still need to feed and care for their animals. God wasn't going to just magically produce food.

His divine power has given us everything we need for life and godliness through our knowledge of him who called us by his own glory and goodness.

For us, too, life is full of work. No one is going to miraculously provide us a place to live and food to eat, not even God. We must work. But we do so believing God is providing for us through our work.

When you pray about your problems, God may remove the obstacles. But usually He does not. Usually, He gives us strength and patience and wisdom and faith to go through it with Him.

As you live your life this week, live in with Christ Jesus. He is in control. While things will pop up and surprise you, nothing is a surprise to Him. He already has a plan for you each day. Live that plan with Him.
