## *“Harmony”*

Harmony is a musical term. When our choir sings in two or more parts, singing different notes, this is harmony. Some are singing with high pitched voices and some with low. Some sing louder than others. But the voices blend together in harmony.

The church can be likened to a choir. We have a mix of people. We have introverts and extroverts, right brain thinkers and left brain thinkers, clean-it-up versus set-it-down-anywhere-and-leave-it persons, visionaries and organizational folk, and it makes for a unique life together. Yet, we can recognize our differences and work together in harmony to faithfully do the work God has given us to do.

As we are sympathetic towards one another, and take care of each other (“love as brothers”, we have compassion towards one another. If we are also humble towards God and each other, our harmony becomes a loving blend of praise to God. Keep these things in mind as you pray for your church, and your part in it.
