Grace and Peace,

As we enter the month of February, the season of Lent will soon be upon us. It will also soon be a year since we started into the seriousness of this pandemic. Prior to Ash Wednesday, we will be mailing out a Lenten mailing with devotionals for the season. We will also mail out any offering envelopes that have not already been picked up at that point, so if you have been unable to pick those up at the church, they will be mailed to you.

I will be on maternity leave for February and March, so I will miss all of Lent with you. However, I have pre-recorded mid-week Lent services that will be available online each Wednesday starting at 6pm. These services will be on-line only this year similar to what we did for Mid-Week Advent. While I am on leave, Sunday services as well as Ash Wednesday, Maundy Thursday, and Good Friday will be in-person. The in-person services will be recorded and then uploaded and posted online on YouTube, Facebook, and the church's Website. For this reason, services will not be available immediately on Sunday. I am hopeful that Sunday services will be available to view online each Sunday by mid-afternoon. I apologize that they won't be up any sooner than that, but it can't be helped. I ask for your patience and grace as our volunteers do their best to get them up in a timely fashion. Tabatha will be sending out the worship notes for the services each week, likely on Thursday or Friday so please watch your inboxes for those emails. The YouTube link for each service will be emailed just as soon as the service is available. You can also subscribe to the church's YouTube channel and it will notify you any time there is new content.

Ash Wednesday, Maundy Thursday, and Good Friday will each be in-person at 6pm this year. Note: this is a change from their normal time of 7pm in previous years. It is my hope that having the service one hour earlier will allow the recorded services to still be uploaded that evening.

I will still be available for any pastoral care issues that may arise. You can contact the church office or send me an email or call me. In an emergency, please contact my cell phone directly.

My prayers are with all of you and we prepare to enter into the Lenten season. Live in hope of the resurrection. Live in hope of an end to this pandemic.

In Christ,  
Pastor Karen
