

## Mike and Sharon Keller

Campus Bible Fellowship International

May 2014

Dear Friends,

We write with rejoicing today for the goodness of God's work in our lives and in the lives of those of which we seek to minister. Your desire to labor along with us in ministry brings great encouragement; we want to share some highlights of our last month in hopes that you will also be encouraged.

One of the young men Mike discipled for several years wrote to express his heart. His words will give you a peek into a life you also touched through your prayers and giving. "Just wanted to thank you for all your prayers and patient teaching and instruction in college. I was just reading some notes I took on Mike's Bible study [on dating]... Little did I know what you both always said was true- 'Prepare yourself for your wife.' You kept building me up... and God was preparing an awesome woman for me. For that I know [she] is thankful and so am I. I owe so much of my [biblical] foundation to you two and your ministry. Love you guys."

Wen, a student Sharon led to Christ a few years ago, recently finished her PhD and stopped by for a two day visit on the journey to her new job. She had her mother (Jing) with her, and through Wen's translating our English into Chinese, we were able to minister to Jing as well as encourage Wen in the faith. Jing plans to stay in America for five months.

Pray for Wen as she models her new life in Christ before her mother, who is an unbeliever. Wen has already had opposition from her regarding her faith; we covet your prayers for both of them.

You would love to meet Isaac and Stephany, two students we still have Bible study with via Skype. Isaac is enjoying digging through the lessons on

'Who Is God' and has great questions each week. Stephany is learning God's desire for her to be a witness, even to those who blatantly oppose her. She is encountering a difficult situation in her workplace involving a transgender girl. Thank you for praying!

We have been pleased to share personal ministry updates with a few more supporting churches. God has also provided another prayer warrior and supporter this past month. We need \$400 more support before beginning the campus ministry in Utah. Your prayers for us during this transition period are a blessing. Students in Miami often expressed their gratefulness for people like you who make it possible for us to be on campus each day full time. We too, thank you for standing beside us as we labor.

Because the fields are already white,
