

**MAMMOTH BAPTIST CHURCH
VISION DEVELOPMENT
FOCUS GROUP**

On the evening of Sunday, August 1, 2021, Bro. Dale offered a *Vision Development for Mammoth Baptist Church* presentation. A copy of the presentation is available on the church's homepage (see *Vision Development* under the Info Center tab). Included in the presentation was a definition of Vision Development, the primary of objective "*to discover and implement biblical principles of church health,*" primary elements of the process and six stages of vision development to be followed.

Not knowing fully the nomenclature of the church, the pastor used the name "Vision Team." After further thought and counsel received, the name has been changed to Vision Focus Group. Functionally, that is the purpose of the group: *To complete a visionary review of Mammoth's church history, current realities and to develop recommendations for the church to consider.*

Focus Group recommendation: After actively getting to know many of the members of the congregation, after intentionally seeking out representatives of every age group and area of ministry without duplicating the "church counsel" (nomenclature), the following names are brought forward as Focus Group Participants.

1. Dawn Andrews
2. LiAnn Armitage
