## When I was Hungry, You Fed Me

Many, many years ago, someone at the CBA had the brilliant idea of taking the list of our 160+ churches and splitting them into 12 groups for each month of the year. This was intended to help our churches, when they were doing their annual planning, to put a food drive on their calendar to support the Baptist Mission Center's Food Pantry. This has been such a blessing through the years. Almost every month Miss Kay or I field calls from one or more of our churches. They ask what our particular needs are so they can focus on meeting that need. Unfortunately, those calls have dwindled down to practically nothing over the last 6 months or more. The result is that Mother Hubbard's cupboard is getting bare.

We do supplement the donations we receive with Food Bank purchasing. However, that is a bare minimum that rarely provides for variety. **We desperately need your help.**

You don't even have to wait till your church name to pops up on the Messenger Wrap. We will accept your donations anytime, day or night, 24/7/365.

Our motto has always been, **"We will continue to give, while supplies last."** We've never run dry. This is your opportunity to help us keep that statistic from changing.

Food Pantry items needed:

- Canned meats
- Boxed potato or rice side dishes
- Canned fruits
- Canned vegetables

## Three vehicles break down in one week

- |                      |                                    |
|----------------------|------------------------------------|
| - Cargo Van          | no longer worth repairing          |
| - Passenger Van      | our people mover                   |
| - Light-weight truck | Used for most furniture donations. |

In the course of human events, it becomes evident that **Mission Trucks don't last forever.** We currently have one that is not worth investing any more \$\$ into. The other two needed to be towed to the dealership.

The dilemma we are facing is this: the cargo van that will be written off soon is the workhorse of our fleet.

Every vehicle we've operated in the last 15 years has come to us by way of a donation. In light of that thought, I'll inform our churches once again: we have an immediate need for a good running, used cargo van, or a passenger van that can be converted to a cargo van. If your church has been considering an upgrade to your vehicle/s, we'd be happy to take your old one and use it in the ministry of your local mission. Your favorable consideration of this request is gratefully appreciated.

Thank you for your prayers and support! I Love This Ministry!
