CBA Family Mission Trip

WHAT: A family style mission trip. We will be doing a Sports Camp, some light construction work, some prayer walking, July 4th block party, community worship service, and other outreach opportunities in the community.

WHO: This trip is open to any and all! We will take small groups or individuals from any of our churches. We will have opportunities for those of any age and ability. We just require that children be accompanied and chaperoned by adults from their own church.

WHERE: We partner with Gore Range Baptist Church in Kremmling, Colorado

WHEN: We will depart Saturday, July 1st and return Saturday, July 8th

WHY: The church we partner with is part of the High Country Baptist Association, which the CBA has entered into a partnership. These are smaller churches that are striving to make an impact for the glory of God in their communities, and we can help them accomplish that. We make it a family mission trip because we want to begin training Christians of all ages that they can be involved in the God's given vision of missions as found in Acts 1:8.

HOW MUCH: The base cost is \$100. This will include expenses for the missions projects, most meals, and lodging. Each individual will be responsible for food on travel days, two meals we will go out and eat as a group, and any other personal or incidental costs.

Jeremy Smith, Trip Coordinator
