

To the congregation,

The church council and missions team would like to know your thoughts about the missions outreach of our church. We would appreciate your responses to this two-part survey.

The first part lists current projects the church is involved in. Please check the line in front of the ministry name if you are interested in participating in this in some way.

The second part is a listing of ideas for additional outreach projects to be added in 2019. In the same way, please check the line if this interests you. There is also space to add other ideas that you would like to see our church involved in.

PLEASE PRINT AND RETURN TO THE CHURCH OFFICE
