

Greater St. Mary Missionary Baptist Church

1401 Moeling St., Lake Charles, La 70601

337-433-0122

Dr. Samuel C. Tolbert, Jr., Pastor/Teacher

The purpose of the Health Awareness Team (HAT) is led by the vision and core values of Greater St. Mary Missionary Baptist Church (GSM) through health education, prevention and awareness. As GSM family members come together around the Word of God (Evangelizing People), the Health & Wellness Ministry will help equip members with Christ-centered education (Edifying Missions) to ensure they understand that health is as an integral part of serving God. As the church family is united in the ministry of the body as well as the spirit, we are then prepared (Equipping Believers) to dramatically improve the health outlook, attitudes and well-being of our congregation and the communities we serve (Enriching Persons).
