On Building Usage

This Fall, the Vestry is planning some changes for the revitalization and better utilization of the office building and Great Hall. This will require some re-location of items and purging of others. There are several ways that everyone in the congregation can help.

First, if there are items being stored or used in the building which you believe are useful in your ministry for Christ Church and you have an interest in them not being purged, please let a Vestry member know.

Second, we will have a work day, on a date to be announced later, where we will need to get help to move items and clean the building.

Further, the Vestry always appreciates your input and your prayers!
