

## The Land of Confusion

The fool says in his heart, "There is no God." Psalm 14:1

The world of many ideals and even faiths. Who has the correct answer? As I marvel at creation I can't but ponder this thought, How could this have happened? Can random chance and collision cause a world of design and order? Definitely questions like this have made many people famous with their research as they have tried to figure it all out. But really, oops, and there is man, who is created from ooze out of a pond of toxic water? Sounds like a science fiction movie.

Have you ever felt confused? Like you wonder who is telling the truth? Lies in school books and religious leaders making it big on people's hard earned money. People killing others in the name of their god and see it is good? Confusing.

When I consider your heavens, the work of your fingers, the moon and the stars, which you have set in place...Psalm 8:3

The creation of the world was from design not chance and the formation of man was creation from a higher power. I choose to accept the Holy Bible and the Genesis account. In the beginning God created the heavens and the earth. Genesis 1:1

For I know the plans I have for you," declares the LORD, "plans to prosper you and not to harm you, plans to give you hope and a future. Jeremiah 29:11

Just look around you, God is at work. He has a plan. Yet man is in rebellion against it. The confusing part is who do we listen to? Get into the Word and find out for yourself. Just look around and see, God is doing a new thing.

Greater love has no one than this, that he lay down his life for his friends. John 15:13

Don't walk in confusion, trust God of the Bible. His Son Jesus died on a cross to redeem mankind from itself and sin dreads sway. Love saved the world. If people could discover Jesus they would find the answers to their questions, love. It is the greatest gift God has given us.

So stop fretting over the questions and the lies, fall in love with Christ and live:)
