

Prayer Post During Covid-19
First Baptist Church Arizona City

Do not be anxious about anything, but in every situation, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and minds in Christ Jesus. Philippians 4:6-7 (NIV)

Our God never changes. He is the same yesterday, today and forever. We, His children, have the ability to carry our wants, needs, hurts and questions directly to our Father. We can join together - no matter where we are physically - to ask our Father for guidance, direction and blessing in this new and changing world.

- Our country
- Our world
- God bring a revival, a grace awakening
- Bible believing churches around the world, Pastors and Missionaries sharing the love of Jesus in our everyday lives
- People turn their hearts and lives to Jesus in repentance

- Those who are sick with, or recovering from, the virus
- Those who are waiting for testing or results

- Caregivers and Medical Personnel - if you know any by name, speak their name in prayer. Pray for their health; stamina to work long hours under great stress; wisdom in decision making; for sufficient supplies of protective gear and equipment to do their jobs safely
- EMT's, Firefighters, National Guard troops and Law Enforcement for God's protection and guidance; watch over them and keep them safe.
