

Renovate SEMO

Renovate SEMO exists to glorify God by establishing a movement of revitalized and replanted Gospel-centered churches throughout SEMO and beyond.

-We forward this movement through two means:

1. Equipping, coaching, and leading churches through a revitalization or replanting process.
2. Raising up the next generation of revitalizers and replanters.

Our team officially launched at our November 10th mini-conference. We had 15+ churches represented, and several are engaging in our process.

-Sunday, December 2nd, we had our first meeting with a church and are excited about what God has in store.

Additionally, we are in the process of developing a residency program for men interested in pursuing church revitalization or replanting ministry. It will be a one semester residency with 9 hours of course credit coming from SBTS. Our hope is to capture the hearts of men for this vital work of revitalization and equip them for the task.

—Pray for the churches we will be engaging in the Renovate process in 2019.

—Pray for God to raise up the students and leaders to be involved in the residency program.
