

## Worship Services Online through **vimeo**

Have you had to miss church on occasion? Have you wished for the opportunity to view a worship service online? As you may recall, the weekly worship service used to be housed on the church website. When the church switched to a new web domain, we lost that capability. That has now been changed and the 9:00 a.m. worship services can now be viewed online. In the past, only the service from the current week was available, but with the new system, the service from the last several weeks can be viewed.

You may access the worship services online in one of three ways:

- At the First United Methodist Church homepage, [www.appfumc.org](http://www.appfumc.org), under the announcements click on *Check out our worship services here*.
- In the upper right hand corner of the First United Methodist Church website, click on the , the Vimeo logo, which will take you to the Vimeo website.
- Or, go directly to [www.vimeo.com/appfumc](http://www.vimeo.com/appfumc).

Once you are at the Vimeo website, you will see the thumbnails of the services housed at this website. Click on the thumbnail for the service you want to watch, and then click the play button in the lower left hand corner of the video.

The worship services are usually uploaded on Monday mornings and available for viewing by sometime late Monday morning. On occasion, there may be a delay. If the service for the current week is not available on Monday, keep rechecking periodically throughout the week. It will eventually be uploaded and you will find it!

Please let your friends and fellow church members know that this service is now available.
