

Walter's Word – Association

This month's word of "Word-Association" is "efficiency." Defined as – "productive of desired effects without waste." With regard to that there are several things that we are doing this year within the Association in an effort to be more effective. Two of these will be addressed at the Annual Meeting (Sunday, October 20th at Northside), the other is in relation to the Annual Meeting. That being the Book of Reports. We are going to provide the Book of Reports online as we did last year and ask that churches print these out for folks that would like a copy. You can then bring them with you to the meeting. We will print out a limited number for the actual meeting. Because we are needing to be careful with our spending, I am not wanting to print out a bunch of copies that may not be used. So, I will be emailing the Book of Reports out to the churches, and it will also be on the Association website.

I do thank you for your support of the Association, I would also humbly ask you as you are working through the preparation of your church budget for next year, to please keep us in mind. And if possible, for some of you include us in your budget, and for others maybe a slight increase. I know finances are tight everywhere, and so we are trying to be as efficient as we can be, to do better with less. So, as a matter of prayer and consideration, I thank you! I'm looking forward to seeing you at the Annual Meeting, a celebration of God's faithfulness to His churches, it's going to be a very encouraging meeting this year!

Yours Sincerely!

Walter
