A MESSAGE FROM BRO. NORMAN

Next Wednesday, January 31, I will be flying to Miami Florida to meet up with some pastors and mission coordinators and fly to St. Thomas Virgin Island and be back in the office on February 7. The purpose of my going is to view the devastation from the hurricane of the island but also the devastation of a new church plant that was beginning to grow. Before the hurricane the church had a building to meet in and the people were beginning to come and bring others with them. As the church began to grow the pastor and people were looking for other places to meet or maybe find a building that would be their own. Now that the building is in shambles there is a great need to help these people find a place to meet. I heard from the pastor of the church two weeks ago and he said there were 23 people at church on the beach that day, meaning the people want a place to worship and grow. I will be on the island with about 5-6 more to see what we

can do to help make this happen. I will be representing of course our church but also our association and will be reporting to them about what we all can do to make sure the gospel is shared on St. Thomas. Please pray for all the others and me that we will seek the Lord and His will for Island Fellowship Church.
