

An emergency phone call concerning something about life and death, a birth or a death, indeed can change your life. There have been some recent messages given to you and I about an emergency. ... "Knowing the time, that now it is high time to awake out of sleep: for now our salvation is nearer than when we believed. The night is far spent, the day is at hand let us cast off the works of darkness and let us put on the armour of light." Romans 13:11-12.

The moment I got the call that my Dad died I went into emergency mode. Everything in that moment changed. All the appointments that had been important for the next week were no longer important because the emergency had changed my life.

God is sending you and I a message that our time is almost spent and that too is changing our lives. So what is now important? Only two things in this world are eternal; the souls of men, regardless of destination, and the Word of God. So who is going to tell the church? The Holy Spirit is sending out an emergency call, has anyone heard it?

I am trying to send the message out to the church. Has anyone heard it? Will the emergency change what needs to be done? I am sure that the souls of men and the Word of God is the focus of our God. It is time to change how we work! The time is closer than when the message first came in.

Sincerely,
Dan Pearce

HEART MEDICINE

PROVERBS 17:22

A hungry lion was roaming through the jungle, looking for something to eat. He came across two men. One was sitting under a tree, reading a book; the other was typing away on his laptop. The lion quickly pounced on the man reading the book and devoured him. Even the king of the jungle knows that readers digest, and writers cramp.

Judge: "You have been accused of hitting a comedian with your car, then dragging him four blocks.

Driver: "It was only three blocks, Your Honor."
Judge: "That's still carrying a joke too far."

A criminal said to the judge, "Your Honor, I'm not guilty. I know I can prove it if you'll just give me some time."
"Sure," replied the judge. "Ten years. Next!"
