

“Responding 12step Recovery seems to be a new linkage. **Responding** highlights the issue of openness and receiving. It is a focus on **Jesus**. Yesterday a dear friend explained what happen to his addictions. He did not stop his habits; he simply did not do them anymore. It was because he was responding to something bigger than his addictions. It is not a "something" but a "someone." His name is Jesus. **Recovery** is found in responding to Jesus. Jerry Liversage has captured this concept in this material. Respond to the Word of God and recover”! - **Dr. Stephen Manley/Cross Style International Ministries/Stephen Manley Evangelistic Association**

“A hospital employee once shared with me that the rate of failure for their in-house alcoholism recovery program was 97%, meaning that only 3% of participants in their program realized a sustained lifestyle of sobriety. I believe this reflects a national trend and the failure of programs to free people of all walks of life from their addictions. That is why I believe so strongly in what Jerry Liversage shares here as the answer to all addictions. It is not a program, but a Person. Jerry shows us that it is the actual Person of Jesus Christ, known and revealed through His Word, Who breaks us free from the addictions which have merely served as cheap imitations of Jesus in our lives. In Him alone we realize and grow into everything we were meant to be. In this sense, the principles of **Responding Recovery** are not a condescending hand-out to alcoholics and drug addicts. This is the truth of God’s Word for the addictions we all face, whether recognized or not, in every sphere of life. The hour is ripe for a new movement of God that shines the light of this truth across our families, churches, and nation, and which offers people everywhere the only true promise of recovery”. - **Dr. John Juneman/LifeMessage International**

“Finally someone has put a transformation lifestyle in front of people struggling with addiction and not just a new belief system that will help them know what they are turning from and turning to. Responding 12step Recovery is an excellent inter-active study that points you to the person of Christ for your change”. - **Rev. Mike Edwards-President/CEO City Mission Ministries**

“My wife and I facilitate the Responding Recovery program at Christ Church Nashville. Since beginning 5 months ago in the fall of 2008, we have had a seven fold increase in participants; half coming in from the community and half from the church. We are thankful to be a part of God’s plan to bring victory over bondage. This program is truly changing lives and bringing healing through the Word”. - **David R. Kornguth/Christ Church-Nashville, Tennessee**
