The book for these eight classes examine the practical challenges of faithful covenant life. We explore leadership problems among tribal chieftains, kings and prophets, and spiritual and political crises. They look for practical wisdom and guidance in the teachings of Israel's sages, the letters of Paul, and more. And by demonstrating how people of vastly different cultures came together in a common purpose, they show how faithful love is the root of the covenant life.

At 'The Great Surprise', parents actively engage with their children rather than sit on the sidelines of an Easter egg hunt. Thrilled families discover in surprising ways — and maybe for the first time — that Jesus is alive!

We are excited to offer this program for the first time this year to not only our church families, but the community as well! We are starting planning and are in need of volunteers for decorations, station leaders, snack coordinators, and general help for those two hours that will reinforce what a surprise the first Easter was!

For information, or to volunteer, please contact Danielle Jorgensen at [brodheadumc@gmail.com](mailto:brodheadumc@gmail.com) or 608-897-2515. We can't wait to get started on this science-based, interactive, and fun Easter program!
