**NEW MICROPHONES CONTRIBUTIONS**

The Federal Government has auctioned off the portion of the radio spectrum that we are currently using to operate our microphones.

We are needing to purchase new equipment in order to move our communication channels to another radio spectrum.

The cost to purchase 2 handheld and 2 wearable microphones will be about \$4000.00.

We will be needing to purchase the microphones by this coming fall.

If you feel 'called to give' to this project please clearly mark your contribution that it is to go for the new microphones.
