Craft 1

Acts of Love Classroom Banner/ Coloring Sheets

Kids can help themselves in becoming more familiar with the founding principles of love in 1

Corinthians 13:4-7 by coloring them, seeing them, and using them throughout your lessons on

the chapter! The coloring sheets associated with this craft are a great warm-up activity at the

start of class. Each child's coloring sheet will come together to form a beautiful decoration for

the classroom.

Materials

- 16 Classroom Banner Printables (they follow this set of instructions)
- Scissors
- String or ribbon
- Stapler
- Thumb tacks
- Crayons
- Hole punch
- Glitter, buttons, etc. that you have on hand for decorative touches

Preparation

1. Cut a piece of string thirteen feet long (and have the wall space cleared for this banner!

If you don't have twelve feet, cut two pieces of string six feet long and hang one under

the other).

2. Distribute one page of the printable banner to each child. (if you have fewer than 16

kids, some kids will have to color more than one "flag" of the banner).

3. Have kids cut out the "V" shape at the bottom of their banner and punch holes at the top where indicated. (You may need to help the younger kids with this step)

4. Have kids color in their banner flag and decorate with whatever supplies you have on hand (glitter, etc.)

5. Assemble the classroom banner as shown in the picture and display on your wall!

6. Use two thumbtacks to anchor the banner, and hang for all to see!
