From Bro. Otis

Hello, everyone. I trust you are enjoying the beginning of fall. God has blessed us with some much needed rain and cooler weather. I love the fall and winter season, so I am enjoying the season.

Speaking of seasons, we are very close to Thanksgiving. Thanksgiving is a special time that we often fail to properly celebrate. Where do you start to express your gratitude for all that God has done for you? There are many things we take for granted that many other countries do not have.

First of all, I want to thank God for loving me enough to provide salvation through His only Son Jesus Christ. I am at loss for words when I try to imagine the kind of love it would take to sacrifice your only son for a sinner such as me. Not only has He provided salvation, but He has sustained me for all these years. Many times throughout the years He has healed me when His divine power was the only way I was going to recover.

Secondly, I want to thank God for the incredible family He has blessed me with. When you hear someone say that their wife is the only woman that could live with you, that is certainly true in my case. Not only has God blessed me with a wonderful wife chosen just for me, but He has blessed us with two tremendous children and four awesome grandchildren that have caused us very little stress. Both of our children are Christians and are successful and productive citizens. All four of our grandchildren are Christians. I mention that our children and grandchildren are Christians because that is a precious blessing from God to us.

Thirdly, I want to thank God for our Church family. What a blessing to have a church family that you can depend upon for encouragement, comfort, friendship, fellowship and inspiration. As Jan and I have served as your Director of Missions for more than nineteen years, we have served as many as 56 churches at one time in Frisco Association. We consider all of these churches to be our extended family. Each one of these churches in their own unique way has been a blessing to us. The churches of Frisco As-

sociation and several others across the state have encouraged us and we have learned much from them. I am especially grateful for the Godly pastors with which I have been blessed to work.

Fourthly, I want to say thank you for all those men and women that have served in our military. Many men and women in our Association have served to protect our freedom, some giving the ultimate sacrifice. To all of those who have lost love ones in our military, I want to express our thanks for your sacrifice.

This is a great season we are entering. After Thanksgiving, we will celebrate the birth of our savior Jesus Christ. I want to encourage everyone to forget about any differences we might have and just be thankful that we worship the only true God on this planet and that we are a tremendously blessed people. Thank God for loving us and sustaining us and thank God for our freedom, family and friends. -Bro. Otis

Disaster Relief

Once again, hurricane season is upon us. While this doesn't mean much to most of us in this area, the same can not be said of our Disaster Relief/

Chainsaw Crew. Oklahoma Disaster Relief is often called upon to aid in recovery from natural disasters throughout the country, and our team is one of the most reputable in the BGC0. They have been deployed twice in the past month to travel to the east coast for hurricane cleanup, once to North Carolina and once to Florida. Their hard work doesn't go unnoticed by locals. Nelson Camp, our team's director, has notified us of countless times that strangers have paid for their meals, given donations, or simply thanked them for their efforts. The greatest satisfaction, however, comes in knowing that Christ's love is shown by the help that the men and women involved provide to those in a time of need.

Nailbenders for Christ

Work on the worship center at Finley Church is off to a productive start- over 70% of the studs have been installed. Work will be postponed until Monday, November 5th, when it will resume at 8:00 a.m. until project is complete. Anyone who can help is encouraged to do so.
