Rules and Regulations

Urn Garden Lot J

In addition to the rules and regulations applying to Bayside, the following rules and regulations apply specifically to the urn garden.

1. No additional decoration or plantings may be added to a registered site, but Bayside welcomes contributions in memoriam to improve the garden's common space.
2. Monuments for urn sites must be of durable stone, no wider than 18 inches nor taller than 14 inches, and with a slant face. Color is optional. Lot holders may have the stone face engraved or apply a bronze plaque to it. Veterans' plaques may be attached to their backs.
3. The monument must be centered on the site and face the walkway. It is recommended that a concrete pad at least 4 inches thick be installed under the monument and not visible from the walkway. The monument may be erected on a registered site at any time by a professional.
4. Contiguous sites may share a monument of standard size placed on the boundary between them.
5. Registered lots display a red brick beside a numbered grey brick.
6. Registered spaces on the memorial pillars in the urn garden are for bronze memorial plaques.
7. Registrants may select any unclaimed designated space on either pillar
8. Those honored by a plaque need not be interred at Bayside.
9. Plaques may be either 3x8 inch or 4x9 inch bronze plaques, and must be installed by professionals.
10. The sexton has final authority to approve the inscriptions on a plaque.
