Thought Questions from Episode 6

1. Paul describes the gospel and especially the inclusion of the Gentiles as a hidden mystery that has now been revealed. What misunderstandings about Christianity have you heard people express that has kept the good news hidden from them?
2. Jerry said that Paul's intent was not only that the church "preach" the manifold wisdom of God, but that we "display" it to our world rulers in the spirit world and rulers in the spirit realm as well. What are some examples of ways you think we can do that?
3. The wonder of this revealed mystery seems to drive Paul to travel far and wide to share it with people. What are some wonderful things about the good news that can inspire us to be more passionate about sharing it with others?
