**“For the weapons of our warfare are not carnal,
But mighty through God to the pulling down of
Strongholds.” ■ 2 Corinthians 10:4**

Recently we’ve been fasting and praying about some critical decisions and I was reminded of all the spiritual weapons we possess and how important spiritual warfare is in bringing the will of God to pass. The Lord revealed this to me in a powerful vision early on Thanksgiving morning in Benin City, Nigeria, in 1989. If you don’t understand what your spiritual weapons are and how to use them then you are at a great disadvantage in warfare. Whether you know it or not and whether you engage the enemy or not you’re in a spiritual war. If you’re not attacking the enemy then you’re in a *de facto* war but nevertheless the enemy will attack you because you’re in the army of the Lord.

I ministered a message titled *Bringing the Will of God to Pass Through Spiritual Warfare* at a church in 2005 where we were teaching on spiritual warfare. In the message I discuss this particular vision that highlights this important fact that, unfortunately, most Christians and churches have still not learned. In fact, I think the lack of spiritual warfare in most churches and communities is the main reason *why* our country and the world is in the shape that it's in now. To encourage you to understand this revelation we're offering this 2-CD message for half-price this month (\$6+\$2.25 shipping) and I'd encourage you to order it for yourself, your pastor and others you know in Five-fold ministry because it will help them in spiritual warfare.

You see, my brothers and sisters, it requires spiritual warfare to bring the will of God to pass in your life, your church and the community—it doesn't happen automatically. Most Christians erroneously believe that the will of God is always done but, unfortunately, the opposite is normally true—the will of God is normally *not* done—we see it throughout the Bible. I discuss this in many of my messages and writings so I won't go through the details here but you must understand that we are partners with God through covenant.

God has given us a huge, vital role in His Kingdom but it requires spiritual warfare in order to bring His will to pass.

Yet most of the Church is slumbering and not involved in warfare. Many Christians we've encountered learn that when they do enter into spiritual warfare they get a tremendous demonic backlash so they are hesitant to do it again. Yet this is not what the Bible teaches nor what the Holy Spirit is leading the Church to do today.

Consider the following scripture that Jesus quoted:

“The Lord said unto my Lord, ‘Sit thou at my right, Hand until I make thine enemies thy footstool.”

Well, how is He going to do this? Who is He going to use to fulfill this prophecy? Jesus took all the authority over Planet Earth back from the Dark Kingdom and gave it to His Church. Yes, He's sitting on the Throne at the right hand of God waiting for you to do something to fulfill this scripture. Yet most of the Church is sitting around waiting for the rapture instead of doing the will of God.

Because most of the Church does not recognize that they possess a kingly anointing to rule and reign, they are negligent or afraid to enter into spiritual warfare. That's your kingly authority dear friend and you need to begin using it. If you're not in spiritual warfare and taking authority over the Dark Kingdom's work in your church, community and city/state then you're out of the will of God. If the Church

understood this we would see a monumental change in things very quickly throughout our communities.

Through the Law of Double Reference, if we have *The Eye of the Eagle*, we must recognize that the Church is called into spiritual warfare to “take the Promised Land” just as Israel was called on to engage in physical warfare. No, God didn’t send 100 legions of angels to conquer the Land of Canaan. Yes, He helped Israel just like He wants to help us but don’t forget this important fact—if they hadn’t crossed over Jordan and entered into warfare they never would have possessed their land. The same is true today for those of us in the Body of Christ—we have a part to play—if we don’t personally enter into spiritual warfare to bring the will of God to pass in our lives then God’s desires and His plan for us will never be accomplished. Often we think God is not answering our prayers regarding our ministry and lives but He’s waiting on us to take action—to enter into spiritual warfare—and bring His will to pass for our lives and those we’re praying for.

I want to encourage you today to understand and be engaged in warfare in your church and community. If you do you will see positive result; I guarantee it!
