

Greetings,

Through this email, I would like to express my gratitude and appreciation for your constant cooperation and attention. My family's and my participation in Sunday's worship and event was a unique, nice and unforgettable experience of our life.

Let me express my gratitude for the invitation of my family and I to this spiritual worship, your trust and acceptance, warm and sincere reception.

The worship event revived and strengthened the spirit and feeling in me and my family that you and your team are not only a great example of the biblical category of faith, hope and love, besides you are all such kindhearted personalities who think only of humanity rather than religion, nationality and race.

On behalf of my family, I want to thank each and every one of you from the bottom of our heart and for all your spiritual and financial cooperation during this hard period of our life.

I am taking this opportunity, want to thank from all the family members especially you/Jayna mom, Joan mom, Pat, Raymond, Doug, Suzan, Caroline and the rest of family members for your constant contact and visit from us which ease the burden of emigration and homelessness and give us the feeling of acceptance and support.

Henceforward; I want to thank you and Joan for allowing us to call you and Joan as Jayna Mom, Joan Mom which gives us the feeling of relaxation and being a family member. Besides, I am expressing my sincere gratitude for the celebration of Meraj and Aqil birth day and surprising them. Their birthday was never celebrated with having this many family members at the same time. Unfortunately, my family and I are in the position that we can't do anything in reward to all your spiritual and financial support and the only thing we can do at this moment is expressing our feeling, happiness and gratitude. I wish one day we can reward your support by following the same manner (unconditional help to others), completing our master/PHD degrees, having a decent job, being committed, strong and educated members of your family and by offering bouquets of flowers to all the family members.

At the end and on behalf of my family (Mohammady) I want to express my sincere gratitude to all family members for all your support and consideration. We are always looking to see you more and more in our house and you are always most welcome to visit.

Sincerely yours

Nasir Ahmad Mohammady
