A word to parents of younger children....

- God gave children the vibrant energy that sometimes causes them to wiggle and make noise. They are not disturbing the worship service, and they belong right here with us! (If you choose not to take them to Pre-school or Children's Church)
- Always explain to them the parts of the service they don't understand. Their minds need to learn this.
- Sing the songs and participate in worship as a parent. Children need to learn how to worship by watching you.

A word to the members of the Church....

- Children are a gift, not a distraction.
- The sound of children in this Church is the sound of Jesus keeping His promises – it is the sound of His Church that lives on and never dies.
- Please welcome children and their parents. Give them a smile of encouragement that says "we love you!"
