

Snack Collection

for

Levine & Dickson Hospice House Huntersville

Ramah is continuing its tradition of providing the snacks for the month of December for Huntersville's Levine & Dickson Hospice House location.

We'll collect the items through November 24th and will deliver them to Levine on November 26th.
Collection boxes are in the narthex and beside the Ladies' Parlor.

These snacks are made available to all families and friends visiting with their loved ones who are at the Hospice House. It means they do not have to leave in order to grab a bite to eat, and that means they have a few more moments with their loved one.

It may seem like a small gesture, but it means the world to these families.

We will be providing at least **500 snack items and 30 small meal items**.
They've provided a list with specific suggestions along with what not to donate.

Please remember that we can only accept items that are individually packaged. Please check the items' expiration date.

Contact Kim Bradford if you have any questions about suitable snacks.
