

The 2015-2016 school year was amazing, from seeing students come to know Jesus to sharing Jesus in Florida and Canada! This year was filled with laughter and tears. Our students gave us the greatest joys this year. In Florida our team gave out batteries and church information to 720 homes and had great revival services every night, where two students gave their lives to Christ! We had students that dove deeper into the Word of God. Our worship services on Tuesday nights have grown and Sunday Night Alive had tons of athletes attend every week! Wednesday lunches have been wonderful and God has really been moving in them this past year. We had a great number of students come to eat lunch and hear about Jesus. For many of these students it was the only time during the week that they heard about God.

In Summer Missions this year we had four summer missionaries for the association that Diann and myself mentored. They were Maggie Schmidt, Gracie Cabral, Trey Shaw and Melissa Chisenwa. They did a wonderful job sharing Jesus in Canada among the First Nations people. The "For St. Louis" mission trip, which was just prior to the Southern Baptist Convention, was designed for college students from all over the United States to spiritually impact the St. Louis area. Participating in this project, our summer missionaries were able to work with refugees, new church plants, and meet international people all living in St. Louis. Our Summer Missionaries were able to also participate in Super Summer, Associational youth and children's camp, and five Vacation Bible Schools. This was a full summer with some hard trials, but the Lord blessed by allowing these college students to lead others to Christ, to draw believing students closer to the Lord, and to do things they never thought they were going to do such as working in rodeos, passing out invites to churches in risky neighborhoods in St. Louis, and meeting refugees from Pakistan and Nigeria. Summer Missions was a learning and growing experience that is still going on.

As a new school year begins we look forward to ministering to new and returning students. What we really look forward to is meeting new faces and continuing to disciple old ones! Discipleship is one of the core parts of this BSU ministry. We desire to see college students be like Jesus! That is what discipleship is all about, people looking more like Jesus! College students are the shaping force of our country and our future! They are the largest voting group in the United States. They will define this current election and many to come. They will decide which direction our culture goes. That's why the BSU ministry is such a needed ministry. We are showing the truth of Jesus next to the lies of culture and media. The more people that look like Jesus is exactly what we need in our world.

This school year's ministries are Sunday Night Alive, Tuesday Night Worship Service, and Wednesday Free Lunch. We have all kinds of semester events, such as a fall party, Missouri Day Parade, Thanksgiving Meal, Ronald McDonald House drive for paper goods, Getaway Retreat, and Advent/Christmas party. That's just our fall events. Spring events are January Leadership training, Engage Conference, Spring Break Mission Trip, Canada Mission Trip, Glorieta Collegiate Week, and Summer Missions.
