

Becoming a Blessed Church: forming a church of spiritual purpose, presence, and power. By Graham Standish.

This is a wonderful spiritual leadership guide, needed by all churches, in my opinion, so we learn again how to focus on God and his purpose for us. I highly recommend it and although it is good for everyone, I would appreciate it if all church leaders would read this. You will then be in tune with some of what i will be suggesting for us to do in the months ahead.

God bless you all,

Pastor Michele
