Tough Times

We'll spend Monday with Obadiah, the shortest book in the Old Testament. The cousins of Israel, Esau's line, have been taking advantage of a nation in distress. The story continues in Jeremiah and Ezekiel.

Week 46

Wise Words

Paul gets right down to business in his epistle to Titus. The result is a type of quick reference manual for pastors and church leaders. He is fairly brief (for Paul).

Peter says a lot in his first epistle that echoes other New Testament authors. He begins in general with salvation and hope, then moves on to personal matters of societal and family living. He ends with words for overseers and elders. We'll finish the epistle this weekend.
