

Week 25 1025-971 B.C./AD 30

Reading in the Psalms, we get some of David’s best work this week. There is a great deal of uncertainty with many of the Psalms. Music was part of the culture, and a song’s history often predated its being written down.

Christ’s earthly journey is winding down. As the humanity was assumed into the Godhead, so now the Godman is completing his work to assume his role on the throne. This week, it is finished.
