Love  
offering will  
be taken.

Masks  
required.

**GREATER VISION  
IN CONCERT**

APPEARING AT FBC RUNNELSTOWN  
THURSDAY, FEBRUARY 18, 2021 at 7 PM

# Unprecedented, Unpredictable & Uncertain (Searching for answers during this time)

If you go to the internet and look for almost any church these days, you will find that the future of "church" as we know it is uncertain. We are all struggling to find answers that will help us minister to our members, as well as those in the community. Resources are much more limited and fear pervades the thoughts of many people.

Men who pastored during the pandemic of 1918 are long gone, and any wisdom they may have gained has passed with them. So, today church leaders are having to learn new ways to do old things without anyone to mentor them.

The Great Commission has not been retracted because of COVID-19. People need Jesus more than ever during these perilous times. We are still called to share the Gospel...but how, when, and where have become the questions without answers.

We have masks, hand sanitizer, and more than ample space for social distancing. We are doing what we can to make our facility safe for members and guests.

Barring health issues, church attendance right now should be a priority for all Christians in all churches everywhere. The gathering together is something that cannot be matched by things of the world. Even if you join via Facebook or radio, make the effort to be "in" church at service times.

**We need your input!** How can we become the light of the world when we are being not able to go out into the world? How do we encourage people to attend services without putting their health at risk? How do we promote giving when we have fewer things going on? How can we resume Sunday School and Wednesday night service? Can we plan for revival services or VBS this year?

We are asking that you write us a letter, send an email, or bring a list by the office of things YOU think may help us reach people and strengthen the support for FBC, Glendale. We don't want to become a place that could not survive COVID-19 because we know how great our God is!
