

Aug. 15, 2009

Dear Mrs. Heaney,

Congratulations of your 200th Anniversary. We were members of First Church while our children were growing up and the members were a second family for us. The years we spent in "Mr. Mars" were the best and we have managed to stay in touch with many of them.

Our group's visits to Shelter Island were such fun - even the year of the caterpillars.

Please let this letter also let you know that after 16 years we have finally decided to join a local Presbyterian church which we have been attending. We love it here and now we will not be returning to L.I.

Sincerely,

Ted & Marilyn Lindblad
