Kissinger's Mission Statement

Where the Bible comes alive through worship, prayer, study, and fellowship while serving others with love and respect.

Chipmunk News

Friends,

A few weeks ago, I was refueling my trimmer. In doing so, I saw that I was about to overfill it. As I pulled out the gas can a spray of gas hit me right in the face! Obviously, I should have been more careful.

I instantly flashed back to 1965 when, as a five-year-old boy, I was walking by our washing machine and was hit by some Clorox in the face. To this day, I don't know how it happened. I remember my mother rushing me to the hospital. Thankfully, I suffered no long-term damage to my eyes.

Now, back to 2020. This could have been an awfully bad situation. But it wasn't. Why? Because just before I started fueling my trimmer, I noticed my eye goggles hanging in my shed. I made the wise choice to put them on. By doing so, my eyes were protected when the gas sprayed up at me.

In our everyday lives, God wants us to protect our souls. Remember that the devil is, "like a roaring lion, looking for someone to devour" (1 Peter 5:8). In the Apostle Paul's message about the armor of God, he encourages us to, "hold up the shield of faith to stop the fiery arrows of the devil" (Ephesians 6:16).

Just as the goggles worked as a shield, protecting my eyes from the gasoline, so our faith in God works as a shield, protecting us from the devil who wants to destroy us. But, in both cases, we need to put these things on first.

So, I encourage you to spend some time with God in the beginning of your day. That way, no matter what the devil throws at you, you will be prepared and protected.

Blessings,

Pastor Dave

Dear Fellow Patient,

All of us are susceptible to a viral illness that has reached epidemic proportions. In fact, there's probably not anyone in whom this virus is not active to a greater or lesser degree. What is this bug that's making the rounds? It's the **ME-Virus!**

The ME-Virus is like the rhinovirus, one of the 200 or so viruses that cause the common cold. It's in the air and on things we touch, eat, and drink. Strangely enough, the ME-Virus can even be transmitted by sight and sound—things we see and hear can even jumpstart the ME-Virus. In other words, the ME-Virus is everywhere in our modern culture. If you're alive and spiritually well in America today, you won't be very long (spiritually well, that is) unless you strengthen your spiritual immune system to defeat the ME-Virus when it enters your heart and mind.

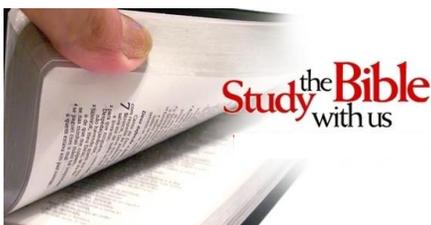

The ME-Virus is that carnal attitude that tempts us to spend our time, talent, and treasure on ourselves instead of investing them in serving God and others. We become the focus of our own attention; me, myself, and I become our best friends; and self-service is more than how we get gas for our car—it defines how we live our life.

You may ask just how can I defeat the ME-Virus and how to defend myself against it. When you see **your perspective change from self-centered to others-centered, you'll know you have the upper hand.**

Praying to stay virus-free,
David Jeremiah

The Faces of Kissinger's

Each month a different member is featured. This month, we feature Clorinda Forte Katz.

Picture above: Corinda Forte Katz and her "hubs", Mike Krisher.

I still consider myself the new kid on the block with Kissinger's. I have never felt more welcomed in a church and consider you all to be my "tribe".

I was born in Bronx, NY and was raised Roman Catholic. I was the kid with all the questions. I know I drove the priests and nuns crazy with my questions.

As I grew up, I still questioned and did not have answers. I felt the RC church wasn't a good fit in my life although I still loved God and wanted to serve Him.

So I became a seeker. I looked at just about all the religions out there. And I found bits of God and truth in all of them. My searching has taken me to Native American Drum Circles to Mosques in Morocco and everywhere in between.

Then one day, God said "you have sought Me long enough, come home". And the search for a church began.

My first visit to Kissinger's was truly a homecoming. I was met with open arms and hugs from such loving people. One of the things I love about Kissinger's is that we are all a bit quirky and we are all accepting of each other's quirks. I feel this is what makes our family so wonderful in that we can be who we are. We are united in our love of God.

I am married to the hubs, aka, Michael Krisher. We share one rabbit, three children and three (so far) grandchildren and two grand dogs.

I love to cook and knit. I love reading about health and learning new ways to help people improve their health.

Kare Team Project Continues

Thank you to everyone who brought in gifts for the residents of Stabon Manor. The Manor, located on Haak Street in Reading, is a personal care/assisted living home.

Items may be placed above the wheelchair at the rear entrance to the church. Requested items: clothing, sleepwear, candy, slippers, shoes, toiletries, snacks, personal hygiene items.

Pictured at left is our recent delivery of items to one of the Stabon staff.

Dear Pr. Dave & Kissinger's Church,

I wanted to express my sincere thanks and gratitude for allowing us to use the church for the Extreme Tour and, also, for the \$300 donation toward for food for our meals. I believe this year was the best yet! Thank you and God bless!
