He has shown you, O man, what is good; And what does the LORD require of you But to do justly, To love mercy, And to walk humbly with your God? ~ Micah 6:8 (NKJV)

One of the great ways that Southern Baptists cooperate is in the area of disaster relief. Southern Baptist Disaster Relief is the third largest relief organization in the United States. Kansas-Nebraska (KNCSB) Disaster Relief is supported through your church's Cooperative Program giving; however, when disaster strikes, additional support of KNCSB Disaster Relief through designated gifts from your church and individual members is vital in order to meet the often overwhelming needs within the affected areas. If you or your church would like to donate to KNCSB Disaster Relief, financial contributions may be sent to: KNCSB, 5410 SW 7th St., Topeka, KS 66606-2398.

Please make contributions out to KNCSB and designate them for "Disaster Relief."

In this month's newsletter, be sure to read Pastor Mike Marker's account of how FBC Burden ministered through a local church affected by Hurricane Laura. Also, there is information on page 3 about an upcoming KNCSB Disaster Relief training in Pittsburg, KS Saturday, October 24. Plan now to receive hands-on training so that Christ might use you to minister effectively in His name to those who are hurting in the wake of disaster. To further connect with KNCSB Disaster Relief, see www.facebook.com/KNCSBDR. You can also contact Frank McCrary, KNCSB director of disaster relief, via email at fmccrary@kncsb.org.

and let our people learn to maintain good works, to meet urgent needs, that they may not be unfruitful.*

Louisiana Bound "Our praying turned into preparing"

The Lord allowed a beautiful process for our local body a couple of weeks ago. Hurricane Laura had slammed the Gulf coast, and many lives were changed. Once again, we were all reminded that our hope must be in Christ and not simply in the things of this world.

When I heard of the destruction left behind and the great need among people there, I was convicted that we should step in some way. Whenever we start into this kind of ministry opportunity I like to work with a local body there. This way our body has a personal connection with a local body there. Some of our folks will get to see, and know, and feel what their folks are going through (Romans 12:15).. And the Lord allowed that. One of our members has a family in Westlake, Louisiana and attends church at Westlake Baptist Church. We got the phone number of the Pastor there, and he put me in touch with their coordinator and our praying turned in preparing. (Continue page 2)

I got a list of things that they were needing but hadn't received through the big deliveries. Things like sports drinks (they had stacks of water), large baby diapers, rakes, salty snacks, horse feed, gasoline to run their generators, and a couple of generators to run. As we got close, we found that they really needed box fans to help volunteers stay a little cooler at night. So our "navigator" put us on a fun (but at times a little nerve racking) hunt for box fans. This is another reason we like to connect with a local body; they know what they have need of; we don't.

Now the beautiful body part. I had our list and shared it at Sunday evening service, it was pretty quiet for a minute or two and then someone said, "why don't I get tarps," and someone else jumped in, "we can get the snacks and Frog Togs (I had no idea what those were... I do now), then a pickup and trailer were made available, and in a matter of minutes the list was completely covered, and a couple had been convicted that they were to go in Jesus Name. By Wednesday evening all the goods were gathered, and the trailer was packed and ready to head out early Thursday morning. People praying, people giving, people shopping, people serving, every joint doing its part. Not the church building, but the Church!

We arrived at Westlake Baptist Church late morning on Friday wondering what our roles would be. We kind of wandered for a few minutes, and then the line for lunch began to show up. With no way to cook, and in many cases not much of a house left to cook in, a meal was a greatly appreciated thing. It was amazing to see how the Lord put each of us to use, two of us handing out boxes of produce and praying with many folks over the next few hours. Our servant-hearted lady found herself in the middle of a cooking tent, a very busy place when serving over a thousand drive-up eaters. By 2:00 o'clock the line had emptied and we had a chance to sit and refresh a bit. But by 4:30 the line began again and we were at it again until about 6:30. We got our trailer unloaded and left about then, tired and sweaty, but also encouraged and blessed.

Beloved, we are called to "beautiful works," we are called to meet urgent needs, we are called to give ourselves as Christ gave Himself. What little we gave and did pales in comparison to the hands we held, and tears we shared, and the lives we were graciously placed in for just a moment. Many will never completely recover from Hurricane Laura and other disasters like this storm. Many will never forget Hurricane Laura and all the struggle. Many already have. But we will never forget the faces, the tears, the praying, and the CHANGE that God worked in us as He ministered through us for His Glory in Jesus' Name! Don't just go to church, beloved, BE THE CHURCH!

Mike Marker, Pastor
First Baptist Church, Burden
